

Hard Shock Cover for the iPhone 8 Plus / 7 Plus

SKU: TECOVERSHOCKIP7PT

An iPhone 8 Plus / 7 Plus cover with red anti-shock edges and a transparent effect

The Hard Shock cover is a specially designed housing for anyone who need maximum protection for their iPhone 8 Plus / 7 Plus. The edges of the case are made with a double material that allows it to better absorb the vibrations caused by dropping your phone, offering much more protection than a standard cover.

The cover adheres perfectly to your smartphone, while providing full access to buttons and connectors. It offers two forms of protection in one: the anti-shock edges, while protecting the casing of your smartphone, also reduce the risk of damaging its internal components.

Features:

- Anti-shock edges
- Hole for the smartphone's camera
- Full access to buttons and connectors
