

Twin View - TWS Wireless Earbuds

SKU: TEEARTWSRAYBTW

TWS earbuds with 500 mAh case with LCD screen, Double Leader technology for mono use

DOUBLE YOUR LISTENING PLEASURE

TWS Twin View wireless earbuds will go everywhere with you throughout your day. Two functions, for music and calls; two ways to use them, both **stereo and mono**.

The case is perfect for storing these accessories, as well as recharging them. Monitor the charge level thanks to the stylish **LCD screen**.

Double enjoyment while you relax; double productivity when you're working.

WIRELESS: THE ADVANTAGES

These wireless earbuds feature **TWS (True Wireless Stereo)** technology, i.e. they pair with each other **without the need for wires**.

After connecting them to your compatible device – Android smartphone or iPhone, Smart TV, Laptop – you can take advantage of the innovative Active Case Pairing system that allows Twin View to pair automatically without being removed from the case. Simply open the cover of the case.

STEREO OR MONO

Twin View earbuds can be used together or individually. In fact, **Double Leader** technology allows you to use a single earbud while the other one is in the charging case. This feature is particularly useful in situations where you need to **hear external sounds clearly**.

MUSIC AND CALLS

Essential accessories for those who move around a lot: these earbuds have **multi-function buttons** to handle music and calls. You can play and pause tracks and answer or reject calls, and redial the last number. You can also activate the **voice assistant** function.

MONITOR CHARGING

The 500 mAh charging case, when fully charged, guarantees to recharge the earbuds for a total usage time of **18 hours**.

You can monitor the charge level of the earbuds thanks to the LCD screen that indicates the **percentage of charge** remaining.

To recharge the case, use the **USB Type-C cable** included in the package.
