

## Multipoint Bluetooth car speakerphone

SKU: TEHANDFREEBT600K

### Multipoint wireless speakerphone with answer / end call button, volume control and support for use on the sun visor

#### WHY CHOOSE IT?

This **Bluetooth speakerphone** is the ideal accessory for you if you receive a lot of calls while you are driving. Thanks to its **multipoint technology**, you can connect this device to two smartphones.

#### TECHNOLOGY AND PRACTICALITY

The speakerphone is equipped with a practical **support** to be used to fix the product to the sun visor. Thanks to the answer / end call button, you can answer your friends and colleagues calls in complete safety.

It is also possible to adjust the volume thanks to the two side keys. Thanks to **wireless technology** you will no longer have to think about the connections and wires between your devices and the speakerphone.

#### TALK AS MUCH AS YOU WANT

The multipoint speakerphone guarantees you a call time that varies between 6 and 8 hours. When the battery is empty, you can power the product thanks to the **charging cable** included in the package.

#### FEATURES:

- Wireless
- Multipoint connection
- Answer / end call button
- Volume control

- Universal compatibility for smartphones and tablets
- Standby time: up to 450 hours
