

Chicago TWS wireless stereo earphones

SKU: TEJZEARCHICATWSBTK

Stereo earphones, Bluetooth V5.0, multifunction buttons, charging base and music auto play/pause

CHICAGO: THE AUDIO YOU'VE BEEN LOOKING FOR

The **Chicago TWS wireless earphones** are an outstanding accessory due to their excellent audio quality. Listen to music and converse using the built-in microphone, with a **clean sound and no echo or loss of sound**.

The **pocket-sized charging base** allows you to store and charge these earphones when they run out of power.

Thanks to the **three sizes of earbud pairs (S, M, L)** included with the product, you can choose the most comfortable solution.

STOP THE MUSIC WITHOUT MISSING A NOTE

The Chicago earphones feature a convenient **auto play/pause system**. When you remove them from your ears, the track will instantly pause. As soon as you decide to put them back in, the track will continue from the exact point at which it was paused.

BUTTONS FOR MUSIC AND CALLS

TWS stands for True Wireless Stereo: meaning that the Chicago earphones **automatically connect to each other** wirelessly. To connect them to your smartphone, you simply go to the Bluetooth settings on your device.

Use them for music and calls: thanks to the (wood effect) buttons, you can easily manage your music, control the volume, answer or reject calls and dial the last number.

POCKET-SIZED BASE: PROTECT AND CHARGE, WHEREVER YOU ARE

As soon as you put the TWS earphones into the base, they will automatically turn off. Once you take them out, they will turn on instantly, without pressing any buttons.

The base is not just a case but is also capable of **charging the earphones**: they only take 1 hour and 30 minutes to fully charge.

When the base has no power left, you can charge it using the **USB-Micro USB cable** included with the product.
