

Hard Bop wireless stereo headphones

SKU: TEJZHEADHARDBOPBTK

Bluetooth V 5.0 folding stereo headphones with integrated microphone and controls, wood inserts, cushioned ear pads and TF Card reader

A STEP BEYOND

Hard Bop is the natural evolution of the Bebop genre and accentuates its characteristics, bringing improvisation and creativity to a higher level. These **wireless stereo headphones** take listening to another level, thanks to a unique ensemble of technologies and materials that offer the user moments of pure enjoyment.

ENVELOPING LIKE THE BLUES

The heady melodies of the blues have brought new lifeblood to jazz. Hard Bop headphones will envelop and enchant you, thanks to their incomparable appeal and comfort.

The ear cups are **padded**: with their soft materials, they guarantee total comfort in use. The exterior is designed with **wooden inserts**. The audio performance is top-of-the-range as the clear, precise reproduction enhances the harmonic richness of the music. The warm shades and persuasive nuances of this material lend a vintage charm to these accessories.

The headphones are also **foldable**, so they are easy to store when you have finished using them.

PERFORMANCE AND INNOVATION

Once turned on, you can connect these wireless headphones to your smartphone by accessing Bluetooth settings. With the **multifunction keys and the built-in microphone**, you can manage music and incoming calls. Just vary the pressure on the buttons to change track, lower or raise the volume, answer or reject calls, or redial the last number.

The battery capacity is 600 mAh: with a full charge, you are guaranteed about **15 hours of use** when listening to music and calls, depending on the volume setting. Hard Bop's technical excellence is rounded out by the **TF Card reader**: just insert a memory card into the slot to listen to MP3 tracks.

MUSIC ENERGY

The package includes a power cable. Connect the Micro USB connector to the headphones' dedicated input and the USB end to a power source. Hard Bop will be fully charged in **about 3 hours**.
