

## Gravity - Qi certified phone holder for rapid wireless charging

SKU: TESUPGRAVWIRL10WQI

**10 W phone holder with automatic locking for Android smartphones and iPhones up to 6.5'', equipped with air vent clip, wireless charging for Qi devices**

### FOR EVERY TRIP AND MANY SMARTPHONES

The **gravity support** is useful for viewing street maps and taking incoming calls when you're in the car. Wireless charging for **Android smartphone and iPhone** with maximum size of 6.5" enabled for wireless charging Qi technology.

### WIRELESS CHARGING: HERE'S HOW

This **QI certified** phone holder, guarantees a charging efficiency greater than **70%** for mobile devices that support wireless charging. Qi certification is issued by the Wireless Power Consortium: this standard indicates chargers able to safely power mobile devices wirelessly.

The package contains a **charging cable**: connect the Micro USB end to the holder and the USB connector into the dedicated socket in your car. This enables Gravity to charge. Next, secure your smartphone between the clamps **without using wires**: your phone will start to charge immediately.

### ANDROID AND IPHONE CHARGING

Gravity allows you to quickly recharge your smartphone: your device will reach **50%** of its power level in just 30 minutes. The USB connector of the power cable should be inserted into a **Quick Charge** charger while the Micro USB socket is inserted in the holder.

This accessory is designed to regulate the energy transferred to different smartphone models without overheating or overloading. **ADS (Automatic Detection System)** technology ensures that Gravity is also suitable for the iPhone 11, 11 Pro and Pro Max which require 7.5 W of power.

## **AUTOMATIC CLOSING: EASY, FAST, SAFE**

Your smartphone will stay **firmly secured to the dashboard and won't slip** while you're behind the wheel. Secure the holder to the air vents with the practical clip and slide your device inside it. Gravity will do the rest: the lower grip will adjust, allowing the side clamps to close.

## **FEATURES:**

- Phone holder with 10 W wireless charging
- Qi certification
- ADS Technology (Automatic Detection System)
- Automatic locking to secure the smartphone between the clamps
- Clip for hooking the phone holder to the air vent
- Charge level of the device after 30 minutes with Quick Charge charger: 50%\*
- USB 2.0 charging cable - Micro USB included in the package

\*Charging times are indicative and depend on the battery capacity of the recharged device.
