

# 120W GaN ultra-fast charger with 2 USB-C Power Delivery ports and 1 USB-A port

SKU: TETRGAN120W

## Ultra-fast charger to power up to 3 devices at the same time

### Ultra-fast charging for all your devices

The **120W GaN wall charger** is the ideal charger for those of you with powerful accessories that need high amounts of energy. It can **power up to 3 devices simultaneously**.

### Why choose a GaN charger?

This power supply is made with **gallium nitride semiconductors**: the charger may be **small but it's very powerful**. The ultra-compact charger still guarantees high charging performance.

### Power Delivery (PD) supply: lots of power, maximum safety

The wall charger with European-type plug is equipped with no less than **2 USB-C Power Delivery (PD) outputs**. Used individually, they can deliver **at 120W**. These two ports can power **iPhone** and **android** smartphones such as Samsung, Oppo, Xiaomi and Huawei in **10 minutes**, **tablets and iPads** in **15**, **laptops and MacBooks** in **30** (charge times are indicative and depend on the battery of the device being charged).

Power Delivery technology offers a **high charging performance** along with **enviable safety**. The recharged device will suffer no short circuits or overloads when power is being supplied.

### The 36W USB-A port is fast and safe

The GaN charger has a third output that supports **USB-A** type cables. This port is equipped with **Adaptive Fast Charging (AFC)** technology that recognises the power your smartphone or tablet needs. The charger can deliver a power of **36W** which ensures a fast and safe supply without your device being overloaded.

**KEY FEATURES:**
