

3W wireless base

SKU: TEWIRCHGAIRPODW

For AirPods/AirPods Pro, Qi compatible

CONVENIENCE

The **AirPods/AirPods Pro wireless charging base** offers the ultimate convenience. Use it when you don't have your earphone case cable handy or don't want tangled wires on your desk.

TECHNOLOGY

This wireless base has **3W** charging capacity and is designed for charging all AirPods models compatible with **Qi-technology**. Check to see if your Apple earphones support this method which enables wireless power transfer between devices.

EASE

Connect the charging base to a power source via the **USB-C** cable, included in the package. Simply place the AirPods case on the base and it will start charging.

FEATURES:

- 3W capacity
- Qi Technology
- AirPods case fully charged in 120 minutes
