

## 5W wireless charging base

SKU: TEWIRELESSQI5W

### 5W wireless charger with Qi technology, colour black

The **wireless charging base** is ideal for keeping on your desk to charge your smartphone. **Qi-certified**, this base provides wireless mobile devices with more than 70% charge efficiency.

The Qi certification is issued by the Wireless Power Consortium: this standard indicates the product **securely and safely** powers wireless mobile devices.

Its use is very simple: the **cable** provided in the package powers the base. Connect the Micro USB connector to the prescribed input and the USB 2.0 end to an electricity outlet. Without needing wires, the charger will then power your phone. After 30 minutes, the charge level of your smartphone will be at **25%**.
