

## Wireless selfie stick with tripod

SKU: TESELFITRIPODBT

**Telescopic selfie stick extendable up to 70cm, with built-in wireless button, tripod equipped with remote control for taking pictures**

### WHY CHOOSE IT?

Take perfect photos and immortalize your best moments with this **wireless selfie stick**: a unique blend of practicality and technology at your service.

The stick turns into a **tripod** to become a handy base for your smartphone: feel free to express your passion for photography anywhere.

### INNOVATION AND FUN

This selfie stick, extendable up to 70cm, is easy to use: just insert your smartphone between the adjustable clamps placed at the end of the stick.

Thanks to **wireless technology**, simply connect the selfie stick remote and enter the camera function on your smartphone to take group photos.

This product supports the free **Go Selfie** App developed by SBS so you can share your memories on social networks. Download it now from the [App Store](#) and [Google Play](#).

### FRIENDLY SUPPORT

The selfie stick is equipped with **three struts** to be used as a tripod. Thanks to this support, your device remains stable and you will feel like you are using a professional camera.

Operating the tripod is simple: insert your device between the catches, extract the **remote control** from the stick and press the button to immediately take a selfie from any angle.

## **TAKE IT WITH YOU ALWAYS**

The selfie stick is a cool object to impress your friends. You can take it with you anywhere, thanks to the practical soft **case** that you will find inside the package.
