

## Full Body 360° protective film for iPhone 11 Pro Max

SKU: TEFB360IP6519

### Non-slip transparent protective film with spatula to fully protect your iPhone 11 Pro Max

**Full Body 360°** is the product that protects not only the screen but also the back of your **iPhone 11 Pro Max**.

The kit contains **two non-slip transparent films** to apply to the screen and back of your device. Full protection from knocks and scratches on both sides of your smartphone.

The product comes with a **soft spatula** to help you apply the films. This accessory **fits perfectly on to the screen and around the edges**.

Watch the video on YouTube and follow these simple instructions to protect your device in just a few quick steps:

- Clean the screen with the damp cloth and dry it with the dry one.
- Remove layer "A" of the film, place it on to the screen and use the spatula to make sure that it fits smoothly
- Remove layer "B", holding the bottom of the screen still, and use the spatula to smooth the film from bottom to top
- Remove layer "C", holding the top of the screen still, and use the spatula to smooth the film from bottom to top. You then need to remove layer "D"
- Use the spatula to make sure that the cover fits smoothly to the screen and around the edges, and to avoid any bubbles.
- Repeat the same process for the back

The product includes:

- 1 cleaning kit, with damp and dry cloths
- 1 microfibre cloth

- 1 soft spatula
