

TWS Icy – earphones equipped with True Wireless Stereo technology and a transparent design

SKU: MHTWSICYBTA

These transparent earphones connect to your devices wirelessly

A stable and automatic connection for music and calls

The **TWS Icy earphones** are ideal for both **music** and **calls**. They can pair wirelessly with your devices that support **wireless connections**. **True Wireless Stereo technology** ensures a stable and automatic connection up to 10 metres away from the paired device. Thanks to their **self-start function**, they will turn on automatically as soon as they are removed from the case.

A striking design

The **transparent design** of the TWS Icy earphones and case makes them unique and fun.

Thanks to the charging case, you can use them for up to 15 hours

You can listen to music and make calls for **3 consecutive hours** and, when the earphones run out of power, simply put them inside the **charging case** and they will be back at 100% in an hour and a half. The base can charge the Icy earphones **up to 4 times**, offering up to 15 hours of use; when the case is also out of power, you can charge it using the included **USB-A - USB-C cable**.
