

Ultra-strong case for iPhone 15 Pro Max with D3O technology

SKU: TED3OCOVIP1567P

Discover the benefits of a case made of D3O material for your iPhone

THE ADVANTAGES OF THE D3O CASE: THE ULTRA-RESISTANT COVER GUIDE

Choosing this case with **D3O technology** means excellent protection for your **iPhone 15 Pro Max**. The innovative material used in this case **significantly reduces the chances of damage to your smartphone** in the event of falls or knocks. This guide will show you all the benefits of an extremely durable yet very practical case.

D3O INNOVATION FOR EXCELLENT PROTECTION: HERE'S HOW IT WORKS

D3O Technology represents a leap forward in terms of safety and innovation. The case, designed to provide excellent protection, uses a unique material that is **soft and flexible to the touch** but **hardens immediately upon impact**. In this way, the cover manages to dissipate the energy caused by the impact to reduce the risk of damage to the mobile phone. After impact, **the material returns to its original state**, offering long-lasting protection.

D3O CERTIFICATION: A COMMITMENT TO MAXIMUM PROTECTION

The **D3O** certification is not only a mark of quality, but confirms that your case has been made to **withstand intense impacts**, safeguarding your iPhone from unexpected drops and sudden knocks.

OPTIMAL PROTECTION AND COMFORT: STYLISH, LIGHTWEIGHT DESIGN WITH A SOFT TOUCH

Thanks to the D3O material replacing traditional TPU, this case combines transparency and elegance **with the same thickness of a standard SBS case**. This allows for agile, practical use of the iPhone without increasing its bulk. Despite its high protective capacity, the case **is incredibly light and soft to the touch**.

KEY FEATURES:

- D3O technology: advanced, durable and flexible material that minimises damage to your phone
- Soft, light and transparent case
- Protection also extended to side buttons
