

Raptors 3.0 - True Wireless IPX6 Sports Earphones with ENC Microphone

SKU: TESPRAP3BTTWSK

Free music and calls, excellent stability and water resistance for sports lovers

THE RAPTORS SPORTS EARBUDS BUYING GUIDE 3.0: IDEAL TRAINING COMPANIONS

The **TWS Raptors 3.0 earphones** are the perfect solution for sports and music lovers. With True Wireless Stereo technology, you can enjoy wireless freedom of movement while listening to your favourite music and handling calls conveniently and intuitively. Thanks to their special **rain resistance** they are ideal for people who spend long hours outdoors, such as cyclists and runners.

TRUE WIRELESS STEREO: PAIR THE HEADSETS TOGETHER

TWS technology, which stands for True Wireless Stereo, characterises these Raptors 3.0 earphones. As soon as you take the two headsets out of the charging cradle, **they automatically pair with each other**. The first time you use them, simply connect them to your smartphone and start using them during your workouts.

MICROPHONE WITH ENC TECHNOLOGY FOR CLEAR, CRISP CALLS

Raptors 3.0 earphones are equipped with an **ENC (Environmental Noise Cancellation) microphone**. This technology filters out ambient noise: even when you're exercising outdoors or in noisy environments, **the person you're talking to >will hear your voice clearly and without background noise**.

IPX6 WATER RESISTANCE: HEAVY RAIN IS NO PROBLEM

With **IPX6** certification, these earphones are resistant to downpours and sweat, making them the perfect accessory for your outdoor sports activities. You won't have to worry about damage in heavy rain.

TOUCH CONTROLS AND VOICE ASSISTANT TO EASILY MANAGE MUSIC AND CALLS

Manage your music and calls with a simple touch of the earphones. The **multi-functional touch controls** allow you to control your actions smoothly and effortlessly. You can also quickly access your **voice assistant**: these wireless earphones allow you to control your device and get information without having to interrupt your workout.

LIGHTWEIGHT, COMFORTABLE AND STABLE

With a **semi in-ear design and soft silicone headbands** that do not irritate the skin, the Raptors 3.0 earphones offer a secure and comfortable fit for any type of sports activity, both indoors and outdoors.

EASY CHARGING WITH THE INCLUDED CHARGING PAD

The 600 mAh charging cradle allows you to store and power the earphones. On a full charge, the True Wireless headphones will have an autonomy of **7 consecutive hours**. To power up the headphones by using a charging source, you can use the **cable with USB-A USB-C connectors** included in the package.
