

TWS Runner Raptors Earphones

SKU: TEEARSETBTAPTTWSK

Sport stereo earphones with headband, 1000 mAh charging unit, Bluetooth V 4.2, answer / end button, black colour

A NEW SPORTS CONCEPT

The **Runner Raptors sports earphones** are designed for those who like to exercise outdoors without sacrificing practicality and technology.

Their modern design and multiple functions make them an **indispensable** accessory for those who don't want to miss calls or want to listen to music while on the move.

TECHNOLOGY AND PRACTICALITY AT YOUR SIDE

These stereo headsets come with a **built-in microphone** and an **answer / end button**: you can enjoy your favourite playlist or answer incoming calls while taking exercise.

The soft silicone headbands and the 4 pairs of ear buds in various sizes will guarantee maximum comfort. The Runner Raptors are **IPX4** certified: they are resistant to sweat and water splashes.

Once removed from the charging unit, the earphones turn on automatically. The first time you use them, you will need to set up Bluetooth on your smartphone and pair the headphones (**pairing**). To turn off the Runner Raptors, just put them in the practical box that also acts as a case.

ENERGY TOP UP

The base unit is equipped with an internal 1000 mAh battery meaning you can recharge the earphones up to 10 times wirelessly. After replacing the Raptors, simply close the unit to turn them off and start charging them.

Once the base unit's power capacity is exhausted, your Raptors can be recharged using the **Micro USB** cable supplied.

WORRY-FREE TRAINING

Run in complete freedom: the **compact base unit** can be stored safely in a money-belt. When your training is over, simply pop the Runner Raptors inside.
